

CARELESS IN THE CARE OF GOD

Your Permission to Discover Freedom

"April is the type of presenter that connects with the audience not just because of her on-stage demeanor and generous personality, but because she is living out her life by giving back to others. April's story is powerful, genuine, and entertaining...just like her."
- Ryan Eller, CEO of Paradigm Shift and Host of The Live Your List Show

"If you're looking for genuine encouragement that comes straight from the heart, look no further. April's story will move and inspire you. Her decision to pursue gratitude and encouragement in the midst of her struggle is testimony to her rock-solid faith. Your life will be richer for having heard from April." –Matt Ham, Speaker, Author of "Redefine Rich"

Embracing the call of Matthew 6:26

"Look at the birds, free and unfettered, not tied down to a job description, careless in the care of God. And you count far more to him than birds."

April seeks to empower others with permission to discover the freedom that a life lived with God promises.

With great joy, hope, and conviction she expresses what it is to have freedom FROM oppression, shame, anger, depression, and the freedom to EMBRACE all God created us to be.

From childhood verbal abuse to debilitating anxiety/depression, April's powerful story is shared drawing from her lifelong journey to find freedom.

After being diagnosed with Non-Hodgkin's Lymphoma the story she now shares about life after cancer comes with a surprising twist – she found a full, rich vibrancy even while in treatment.

You will remember April's story – shared both with blunt honesty and humor – about finding freedom in the most unexpected places. If you've ever found yourself between a rock and a hard place, April's words will certainly lift your spirit and shine light on a new path going forward.

"A hurricane of delight...powerful and memorable- the kind of speaker every conference needs." -- Mike Loomis, www.MikeLoomis.CO
